### **DELTA ENVIRONMENTAL PRODUCTS ANNOUNCES NEW LINE OF COMMERCIAL WASTEWATER TREATMENT PLANTS**

Ashland, Ohio – July, 2009 – Delta Environmental Products announced a new series of small commercial wastewater treatment plants. The ECOPOD-C offers treatment capacity from 2,000 to 10,000 gallons per day in pre-engineered treatment plants for small commercial wastewater treatment needs. The new ECOPOD-C is based on Delta's proven ECOPOD technology which is NSF 40, Class 1 certified. The ECOPOD-C can provide treatment levels below 20 BOD<sub>5</sub>, 20 TSS and 10 TN, while treating domestic wastewater. Additional information can be found at [www.deltaenvironmental.com](http://www.deltaenvironmental.com).

Delta Environmental Products ([www.deltaenvironmental.com](http://www.deltaenvironmental.com)) incorporates best-in-class wastewater systems through an advanced biological treatment system and advanced drip, spray or other dispersal technologies for the residential and commercial markets.

Pentair ([www.pentair.com](http://www.pentair.com)) is a diversified operating company headquartered in Minneapolis, Minnesota. Its Water Group is a global leader in providing innovative products and systems used worldwide in the movement, treatment, storage and enjoyment of water. Pentair's Technical Products Group is a leader in the global enclosures and thermal management markets, designing and manufacturing thermal management products and standard, modified, and custom enclosures that house and protect sensitive electronics and electrical components. With 2008 revenues of \$3.35 billion, Pentair employs approximately 13,100 people worldwide.
